

TO BE
THE BEST,
YOU NEED
AN EDGE

Snap-on

TO BE THE BEST, YOU NEED AN EDGE.

With the sophisticated functionality, advanced graphing features, and intuitive user interface you've come to expect from every Snap-on® diagnostic platform.

It also gives you access to the exclusive Fast-Track® Troubleshooter, putting millions of experience-based troubleshooting tips and timesavers right at your fingertips. And great coverage for European, Asian, and domestic vehicles gives you the information you need to complete any repair.

Fast-Track® Troubleshooter

A man with a shaved head and a grey goatee is wearing a dark blue button-down shirt. He is looking directly at the camera with a slight smile. The background is dark and out of focus, showing some vertical lines. Overlaid on the image is the text "I'M READY FOR EVERYTHING. THAT'S MY EDGE." in a glowing white font. A thin red horizontal line is positioned below the text, and a pattern of white dots is in the bottom right corner.

I'M
READY FOR
EVERYTHING.
THAT'S
MY EDGE.

A man with a goatee and short hair, wearing a dark blue button-down shirt, is smiling slightly. He is standing in what appears to be a workshop or garage, with various tools and equipment visible in the background. The lighting is dramatic, with the man's face and shirt highlighted against a darker background. On the left side of the image, there is a decorative graphic consisting of a grid of white dots that transitions into several parallel red diagonal lines.

I DON'T
JUST WORK
FAST—I WORK
SMART. THAT'S
MY EDGE.

FOR
THE
ULTIMATE
IN

PERFORMANCE, YOU NEED AN EDGE.

With an embedded SMX® Operating System dedicated to diagnostic functions for fast, reliable operation and a unique steady-charge lithium-ion battery system that charges automatically from any vehicle, SOLUS Edge boots up in a lightning-fast five seconds.

No more worrying about downtime, and you're ready to work in a flash. Get to a code or live data in less than 30 seconds, get to graphing at the press of a button and dive into functional tests to help you diagnose a fault with ease. Choose between touchscreen and thumbpad navigation, or use either—or both—on any given job. Fast, accurate, and intelligent, SOLUS Edge is built right to help you work the way you work best.

5-second Boot-up

One-Touch Code Scan in 30 Seconds

I DON'T BELIEVE IN GUESSWORK. THAT'S MY EDGE.

TO BE ABSOLUTELY CERTAIN, YOU NEED AN EDGE.

The thinnest Snap-on diagnostic tool ever, SOLUS Edge features a re-designed 8-inch screen with a slight viewing angle for enhanced readability under any conditions and in any part of the shop. You can even set it up to look exactly how you want it: create custom data lists, set PID triggers, and save movies, snapshots, and screen captures to your heart's content.

Functional tests keep you in control of every diagnosis, and one-touch code scan gives you a complete overview of a vehicle's history so you know exactly what you're dealing with from the word go. Because let's face it: the vehicles you work on are complicated. Your diagnostic tool shouldn't be.

Angled 8" Screen

Thinnest Ever

Alex

Shopstream Connect™

USB Compatible

I DEMAND AN EDGE.

FOR
UNSHAKABLE
CONFIDENCE
YOU NEED AN EDGE. <<<<<<<<<<

You don't just demand the best from yourself; you demand the best from every tool you own. You're constantly on the lookout for the most cutting-edge technology available so you can do your job faster and more accurately every time you walk into the shop.

Display data however it works best for you, jumping into graphing mode for a deeper look at up to four graphs at once. Print and share using Shopstream Connect™ software on any PC via the included USB port. Fast, flexible, and completely customizable to fit the way you work, SOLUS Edge gives you everything you need to tackle even the most demanding challenge without breaking a sweat.

WHAT'S YOUR EDGE?

FEATURES

- Large 8" display for better readability and greater ease of use
